OUR PRINCIPLES

01

Quality and trust

We choose every ingredient one by one and prepare every formula with the same care. That the SANQ you trusted once delivers the same quality in every bottle is the most important promise we make.

02

For women and men

Whatever your hair type or length, we aim for strong, vibrant hair for everyone. Each product has its own oil and its own scent, making it easy to find the bottle that suits you best.

03

We leave out the unnecessary

We don't use parabens, sulphates or silicones. Formulas that never tire hair or skin and never build up — a feeling of lightness with every wash.

HOW TO USE

Before blow-drying, mist the blow-dry spray (400 ml) evenly over damp hair from root to tip, holding it 15–20 cm away. Comb through and style with a hairdryer. Spritz the perfumed blow-dry mist (100 ml) from a distance onto dry or damp hair in a light cloud; reapply during the day to refresh. No rinsing required.
